

Coach Bowls is delighted to announce the launch of its new online 'Adult Safeguarding in Bowls' course.

This course will provide an ideal opportunity for all bowlers to increase their knowledge of safeguarding from the comfort of their own home.

It will be delivered via a virtual classroom – with full interaction with the tutor and the other people attending the course throughout.

Amanda Scriven-Purcell, Coach Bowls Coaching Manager, said: "We are delighted to make this new course available to the bowls community. It provides all bowlers with the opportunity to build their knowledge on safeguarding matters both within the sport and their personal lives. The session will also give all participants the chance to meet up with other bowlers across England."

Each session will last three hours and the cost is £25.

Spaces are strictly limited and bookings will be accepted on a first come, first served basis.

For times and dates of the courses please go to the Coach Bowls website

Disability Bowls England advises members who are able and wishing to resume playing bowls to read and comply with the guidance issued by Bowls England on 14th May 2020.

Players who require additional help from a person who cannot maintain the two metre distance, such as a wheelchair pusher, visually impaired or blind helper/director, personal carer or coach, must note that this assistance is to be provided by a member of their own household.

Disability aids and wheelchairs must be sanitised before and after each session. If club equipment is to be used, prior permission along with instructions for use must be obtained.

Any changes to the guidance will be published

on www.disabilitybowlsengland.org.uk and www.bowlsengland.com

Remember that all those entries received for the Bowls England National Champion of Champions from Clubs and County Associations for 2020 will automatically roll over to the 2021 season (utilising entry fees paid for the 2020 season).
